

# MANITOBA MEDICAL SERVICE FOUNDATION

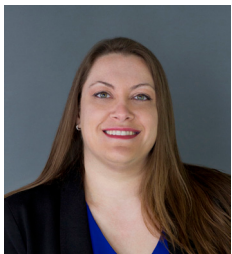

Since 1971 the MMSF has Contributed Over \$20 Million  
to Health Research and Education in Manitoba.

## 2015-2016 OPERATING GRANT RECIPIENTS

The history of the MMSF has helped shape its values: being committed to community; providing mentorship and feedback through direct engagement of applicants, for which the highest priority for funding is given to new researchers who are establishing themselves in Manitoba and do not yet have long-term stable research funding; developing collaborative partnerships with other granting organizations; providing funding to advance health-related research and education for the benefit of Manitobans; managing our resources with an aim to sustain our mission for future generations.

The MMSF is proud to announce that over \$280,000 has been approved for funding operating grants for the following successful applicants from the Competition for Funds held in October 2015: For more details visit our website: [www.mmsf.ca](http://www.mmsf.ca)

### CONGRATULATIONS TO ALL 2015-2016 OPERATING GRANT RECIPIENTS!

**Dr. Denice Bay** — \$30,000

Affiliations: U of MB

Characterization of Escherichia coli  
Antimicrobial Resistance Efflux Pumps  
Inherited by Horizontal Gene Transfer

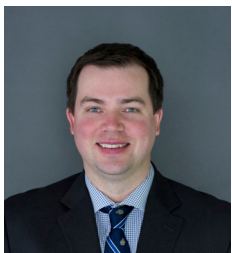

**Dr. Elinor Simons** — \$30,000

(MMSF \$15,000/ CHRIM \$15,000)

Affiliations: U of MB; CHRIM

Early Life Origins of the Food Allergy Epidemic:  
Predictors of Persistent Peanut Allergy at Age 5  
Years

**Dr. Bryan Flynn** — \$30,000

Affiliations: U of MB; WRHA

Early Loosening and Failure of Femoral Stems  
Coated With Hydroxy-Apatite in the Presence  
of Metal Corrosion and Wear Particles

**Dr. Alexander Singer** — \$27,500

Affiliations: U of MB; CPCSSN; eHealth MB

The Use of Electronic Medical Records  
to Change Clinician Behaviour and  
Increase Adherence to Choosing Wisely  
Recommendations

**Dr. I fan Kuo** — \$25,000

(MMSF \$12,500/ WF \$12,500)

Affiliations: U of MB

Mood and Anxiety Disorders and Psychotropic  
Use in Spousal Caregivers of Dementia: A  
Population-Based Study

**Dr. Jonathan Singer** — \$30,000

Affiliations: U of MB

Biomechanical Mechanisms Underlying Age-  
Related Challenges in Mediolateral Gait  
Stability

**Dr. Delfin Rodriguez Leyva** — \$30,000

Affiliations: U of MB; UMSH

Incidence of Cardiac Arrhythmias in Patients  
With Peripheral Artery Disease and Coronary  
Heart Disease

**Dr. Vincent Wourms** — \$30,000

Affiliations: U of MB; HSC

Electroencephalography Guidance of  
Anesthesia to Alleviate Geriatric Syndromes  
(ENGAGES) Study: A Pragmatic, Randomized  
Clinical Trial

**Dr. Jen Potter** — \$24,000

(MMSF \$12,000/ WF \$12,000)

Affiliations: U of MB

The Development of an Interactive Online  
Vaccination Information Resource for Parents  
to Reduce Vaccine Hesitancy
