

MANITOBA MEDICAL SERVICE FOUNDATION

Since 1971 the MMSF has Contributed Over \$21.6 Million to Health Research and Education in Manitoba.

2019 RESEARCH AWARD RECIPIENTS

The history of the Manitoba Medical Service Foudnation (MMSF) has helped shape its values: being committed to community; providing mentorship and feedback through direct engagement of applicants, for which the highest priority for funding is given to new researchers who are establishing themselves in Manitoba and do not yet have long-term stable research funding; developing collaborative partnerships with other granting organizations; providing funding to advance health-related research and education for the benefit of Manitobans; managing our resources with an aim to sustain our mission for future generations.

The MMSF is proud to announce that over \$277,000 has been approved for funding research for the following successful applicants from the Competition for Funds held in October 2018: For more details visit our website: www.mmsf.ca

CONGRATULATIONS TO ALL 2019 RESEARCH AWARD RECIPIENTS!

Dr. Ramzi Helewa — \$24,500

Affiliations: University of Manitoba

Enhancing Communication and Reducing the Need for Repeat Endoscopy between Gastroenterologists and Surgeons, A Mixed Methods Analysis
