

**Manitoba Medical Service Foundation and  
St. Boniface Hospital Albrechtsen Research Centre Present the  
18<sup>th</sup> Annual Richard Hoeschen Memorial Award**

**Dr. Jennifer LP Protudjer**

**Dr. Frederick A. Zeiler**

Dr. Jennifer L.P. Protudjer and Dr. Frederick A. Zeiler have been named this year's recipients of the Richard Hoeschen Memorial Award, the Manitoba Medical Service Foundation has announced. The award has been equally split, with each recipient receiving a \$2,000 contribution to help offset the operating expenses for the supervision of a BSc (Med) student at the University of Manitoba.

The Manitoba Medical Service Foundation and the St. Boniface Hospital Albrechtsen Research Centre have each contributed \$2,000 toward this award.

Dr. Jennifer L.P. Protudjer is supervising BSc (Med) student Billy Hong for their project, "Asthma and Epinephrine Administration Prior to Emergency Department Presentation for Suspected Anaphylaxis." Dr. Protudjer is appointed through the Department of Pediatric and Child Health at the University of Manitoba.

Dr. Frederick A. Zeiler is supervising BSc (Med) student Kevin Stein for their project, "Association Between Cerebrovascular Reactivity in Adult Traumatic Brain Injury (TBI) and Transitions in Outcome: A Pilot Analysis." Dr. Zeiler is an Assistant Professor and Director of Neurosurgery Research within the Section of Neurosurgery at the University of Manitoba and holds guest researcher appointments at the University of Cambridge and the Karolinska Institute. He was also recently awarded the Rudy Falk Clinician-Scientist Professorship at the University of Manitoba.

Thank you to the BSc (Med) Awards Selection Committee for adjudication of the candidates and to the University of Manitoba for their administrative support through the process. For further details on MMSF awards, please refer to the Award Recipients page of our website at [mmsf.ca](http://mmsf.ca).
